Architectural floor plan of a restaurant layout. The plan shows a rectangular room with a central aisle and two rows of tables. The top row has a total width of 9492, divided into 850 and 905. The bottom row has a total width of 905. The central aisle is 550 wide. The tables are 325 wide. The plan includes labels for 'Lampe' (light) and 'Suje-ventilator' (fan). A scale bar at the bottom indicates 1:100.

Technical drawing of a dining table and chairs. The table is rectangular with a decorative, flared base. The chairs are upholstered with a curved backrest. The drawing includes dimensions: '1165' for the table length and '703' for the chair height. There are also small circular symbols with crosses inside, likely indicating mounting points or fasteners.

[illegible]
